

M12™ Heated TOUGHSHELL™, QUIETSHELL™, and AXIS™ Jackets, Hoodies & Vests

This MILWAUKEE® heated jacket has a unique battery pocket Pass-Thru design that is easy to use with front or back pocket battery placement, allowing you the versatility and comfort needed depending on the situation. The Milwaukee heated coat is a go-to for protection from the elements on the jobsite or when enjoying the outdoors.

M12™ Heated Hoodie

The MILWAUKEE® M12™ Heated Hoodie provides HEAT BUILT FOR COMPLETE COMFORT. Using a one-touch LED controller, the advanced carbon fiber heating elements create and distribute heat to the chest and back. Our Quick-Heat function allows our users to select from three heat settings and feel heat 3X faster than market competitors. A hidden battery pass-thru pocket construction allows for front or back battery placement, increasing comfort and flexibility depending on the situation. Combining a durable cotton/polyester fleece and comfortable jersey lining, this hoodie provides a versatile three-season solution to keep heat in and not add bulk.

Mfg. Part #306-21

- Colors: Black, Gray
- Sizes: L, XL, 2X, 3X (In Stock)
- Price: **$165.25 ea.** (Battery & Charger Included)
- Price: **(3X Size) $177.00 ea.** (Battery & Charger Included)

M12™ Heated AXIS™ Hooded Jacket

Our M12™ Heated AXIS™ Jacket delivers HEAT BUILT FOR LIGHTWEIGHT DURABILITY. Powered by M12™ REDLITHIUM™ Battery Technology, this three-panel hooded jacket features an advanced heat technology system utilizing carbon fiber heating elements and Quick-Heat functionality, distributing heat 3X faster than market competitors to the chest, back and shoulders. A hidden battery pass-thru pocket construction allows for front or back battery placement, increasing comfort and versatility depending on the situation. With re-engineered AXIS™ Ripstop polyester fabric, this MILWAUKEE® jacket protects our users from abrasion and prevents tears from spreading in harsh jobsite conditions.

- Colors: Gray, Brown
- Sizes: XL, 2X (In Stock)
- Price: **$209.00 ea.** (Battery & Charger Included)

M12™ Heated AXIS™ Jacket

The Milwaukee M12 Heated AXIS Jackets are designed to protect from cold and weather on the jobsite. Powered by M12 Redlithium Battery Technology, these heated jacket kits use carbon fiber heating elements to create and distribute heat to the chest, back and shoulders. A single touch LED controller heats up the battery heated jacket to three heat settings, creating a comfortable heat for any environment. This MILWAUKEE® heated jacket kit has a new Quick-Heat function that creates and distributes heat three times faster than our previous jackets and market competitors. AXIS Ripstop Polyester provides a lightweight, compressible design that can be used as an outer shell or a mid-layer jacket, and protects from wind and water.

Mfg. Part #M303B-21

- Colors: Black
- Sizes: 2X (In Stock)
- Price: **$208.00 ea.** (Battery & Charger Included)
