

The skills gap is real, and it's only getting wider

There are people without jobs, **and jobs without people**

WHAT IS THE SKILLS GAP?

It's a **shortage of skilled, trained people**. It's the difference between what workers know how to do and what employers need.

HOW IT AFFECTS YOU AND YOUR COMPANY

3.4 million manufacturing jobs will need to be filled in the next decade. But up to 2 million of those likely won't be, presenting a serious challenge.

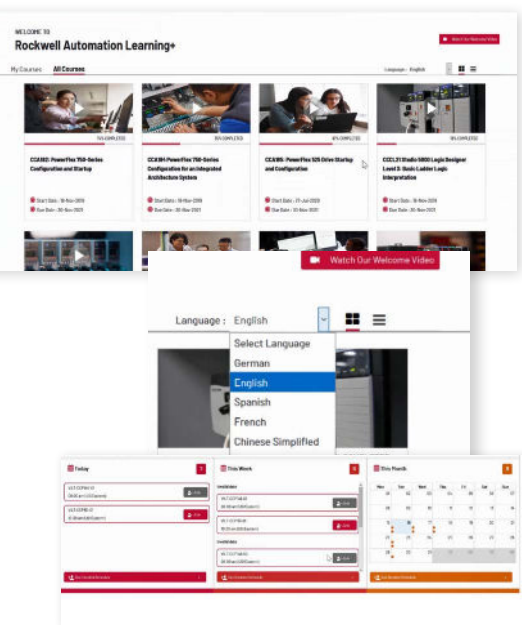

2.7
MILLION
baby boomers
will retire

2.0
MILLION
jobs expected
to go unfilled

Learning+ Training is the solution you need.

Learning+ Training Subscriptions

More training in more languages with more ease than ever before

Our Learning+ Training subscriptions provide a combination of self-paced e-learning and in-class collaboration with instructors, labs, and additional training content, all in a virtual environment. Get the flexibility and convenience of learning when and where you need it.

Our e-learning courses include fundamental and product-specific topics delivered directly to your plant floor or location of your choice. Each learning module contains activities, software simulations, and demonstration videos to help reinforce learning concepts. There are 20+ courses across 6 automation

technologies including motion, drives, control, visualization and networking. New courses are continually being added.

Virtual classroom sessions include modularized virtual lectures, lab experience demonstrations, simulations and demonstration videos. Office hours are available for small group coaching to enhance learning concepts.

Easy to access training is available on any tablet or PC using Chrome, Safari, IE, Edge or Firefox. All content is narrated and has a viewable transcript.
