

Seminar: Solar Off-Grid & Electric Vehicle Charging

Tuesday
April 2,
2024

Time:
7:30 – 10:30 a.m.

Location:
Agilix Solutions
Customer Center
2023 Westport Center Dr.
St. Louis, MO 63146

Who should attend:

- Commercial Facilities
- Schools/Universities
- Healthcare Facilities
- Retail Centers
- Office Buildings
- Solar Integrators
- Electrical Contractors
- And more!

Join us for a **dynamic half-day seminar** designed to empower electrical contractors, solar integrators, and businesses eager to implement cutting-edge energy solutions. This seminar is a must-attend for those seeking to stay ahead in the rapidly evolving landscape of sustainable energy.

Agenda:

7:30 – 8 a.m.

Check-in & Breakfast

8 – 9:15 a.m.

Unlocking Off-Grid Secrets: A Deep Dive into Solar Solutions

Wondering how "Off-Grid Systems" differ from conventional solar solutions? This session brings you an exclusive review of a successfully installed off-grid solar system. Delve into the intricacies with experts who designed and implemented an off-grid solar system. Gain access to invaluable resources that will empower you and your company in the seamless design, procurement, and installation of an off-grid system.

9:15 – 9:30 a.m.

Manufacturer Partner Mini Tradeshow

9:30 – 9:45 a.m.

Tips and Tricks with Fluke

9:45 – 10:30 a.m.

Introduction to EV Charging Technologies: Navigating the Future of Transportation

This session is dedicated to Electric Vehicle Charging Technologies, featuring solutions from ABB. Explore the diverse landscape of EV chargers and understand which types make the most sense for various applications.

How to Register:

The event is complimentary, but space is limited.

Please register today to reserve your seat.
